

Below find information which is submitted in response to an FEC letter dated March 22, 2007. This is information essential to full public disclosure of federal election campaign finances.

Responding to--

"Your Amended Quarterly Report, received, 11/10/06 discloses a substantial increase in the amount of receipts and disbursements from those on your original report. Please amend your report to clarify why this additional activity was not provided with your original report. (11 CFR #104.3)"

The FEC filing (FEC-23700 Form F3N filed 9/7/06) which contained only a contribution of \$1000.00 was intended to have been a 48-hour notice report for funds received September 6, 2007. This contribution posted electronically to the Sanders campaign account 8 days before the special September 15, 2006 election. The 48-hour notice report was not uploaded correctly on 9/7/06. It was correctly uploaded today, 4/9/07.

The FEC filing (FEC-258906 Form F3A filed 11/10/2006) was filed 26 days late. It was not intended to be an amendment, but an original October 2006 quarterly report. This report contained substantial increase in receipts and disbursements because these transactions occurred during the reporting period. The contributions were not entered into the FEC individual contributions section in a timely manner because \$17851.61 came from nearly 390 individual contributions of \$5.00 to \$100.00. Most of the donations, which came electronically through Complete Campaigns and Pay Pal, had to be converted to a format acceptable to the FEC system. This process was not completed until 11/10/06.

Hopefully, the narrative report above clearly outlines why the activity was not reported in the "original report." If there are more concerns, please contact me using the address on file.

Respectfully submitted,  
A. Carolyn Sanders
